If you're to have a baby, marriage will surely come first.

Maybe the doctor meant to say that when you're a mom, marriage is more important.

It's another thing, but I don't want to get married.

Yes, yes.

When you're going to get married, you should be sure.

Don't rush it! What is that supposed to mean?

His brother and his wife are still together, so you should be sure.

Yeah.

There is such a thing as a baby.

Yeah.

He's a very nice guy.

If you're going to have a baby, you should get a husband. There's no other way to do it.

I want to

What am I to

But he

"Wouldn't it be nice

"If the company was

the others would
just decided to
stay."

"The

"May

"Yes?"

They showed up on

anyway! I found them about 10. Can you imagine the pressure they have been under at their jobs?!

Yeah, I did feel shocked. But we have to find out anything possible about them. The manager was really mean to them at I was. I think he was being too to me. Don't you think?

Yeah, I feel shocked at this. But I can see why these people did this.

But I haven't noticed anything about making a decision.

No, I personally don't think

They really know what to do about this.

I think they are not as good as they are to approach her and

Lookin' like
they're going to
marry or
wed

So we'll
get it over
with

How now,
cousin? You may
get caught,
bitch, and
married!

Heavens,
I can't
believe you
are on that
side!

What is
that?

A...
cushion

You
don't
see his
eyes?

You know
what that
was!

He's not
looking
back
there!

What is
this
relationship
between
two people
of the same
company and
classroom?

Wouldn't it be
fun as long as
they work in
different
departments?

I tell about
this!

She was
planning
to take us
under the
table!

It's not at
all, and
if customers
never go
right there

How is
he going
to pay the
bill?

For an example,
this guy is making
these food wings
just because of
his gambling habit

We should and get
the money from
him. Otherwise,
otherwise, he'll probably
take everything when
I come and make them
be happy because
that's what they want

That's about
with credit

Of course, you see,
our mother company
is a bank.
You know that,
right?

Of course,
it's already happened
"because" that
is our mother bank

That's just
an example

So, all things I've said
for you will, when
within all the same
company as him, and
get the money from
his mother's company

Isn't
that better?

We could see
and all that
other business,
checking out an
account

That's an
idea

It that is their
main thing,
our company is
a credit-card
company.
Something that
that will happen
here

She is looking
slightly lower
and a little more

As if it
wasn't
really

tried to talk
to her but
she just doesn't
respond

She is just
there.

Woman's
reaction?

yes

She doesn't
even answer
back.

What?

but

Why doesn't
you in your
department
actually
sight it

don't you
supposed to
be there
then?

tried to
helpless
and useless

There is nothing
you do right
now

When the other was
there, it'd been
more directly on
the situation

Understand that
you were on a
business trip and
was nowhere
physically
and I know that
you are worried
by the fact.

Because of the chaos in general during the protest, couldn't get some surveillance video but something was not right with the body.

at that night, there were found by a guard in a westwood stair well, found unharmed.

I happened to be off at work. So, the guard contacted me.

The guard was going to call in's residence but the refused.

And people get over together.

If you were with her at least, and it be a good manager more.

Can you guess what westwood she was at that night?

I was in westwood by accident.

There were gone there at night.

Did you two are together?

She was the only one blamed.

And was the only photo taken's submitted to the.

I tell strongly underrepresented women that they need to stop drawing such scenes, you know?

Of course, one of the settings is that the manager has good technique.

What? What you were did those 10 scenes?

I feel there are kind of water in there.

Actually, from the manga started with.

So I was really surprised when they were really in a real thing.

Who said you were a fan club about it?

Mr. Matsuda who has been reading "Manga" had told me.

Mr. Matsuda.

You better do the manga and I see.

That's okay for you to say.

Yes

If you show them such an attitude... they will be confused

Yeah that's all I am going to get Bossler's like my change and take a few story about them
